Adarsh Dubey

QA Engineer @ Plural.com | Software Quality Assurance
Indore, Madhya Pradesh, India

Summary

Our team at 6DegreesIT Pvt Ltd excels in delivering top-notch software quality assurance. We leverage my knowledge in mobile and API testing, honed through a solid educational foundation in Computer Engineering from Rajiv Gandhi Prodyogiki Vishwavidyalaya. My focus is on devising strategic testing methods that guarantee the excellence of our products.

By embracing agile methodologies, we've optimized our testing processes to enhance user satisfaction. My role is pivotal in fortifying collaboration within the team, ensuring our collective goal of elevating product standards is met with every release.
